

To Whom It May Concern:

I am writing to enthusiastically recommend Maryann Thompson Associates. Maryann is a stunningly creative and sensitive architect who blends a phenomenal sense of space with a tremendous artistic vision. She infuses her work with an almost spiritual quality.

I have worked with Maryann and her firm on a number of projects. Not only is the firm extremely talented, but they are highly professional and reliable. Their work is always first-rate, on-time, on-budget, and sensitive to the client's desires. Maryann and her associates listen well, are fearless about suggesting out of the box solutions, but also practical enough to ground their ideas in a realistic sense of what can really be done.

Maryann also has a deep sense of commitment to her clients. I've always had her full attention and devotion to our projects, from the very start to the final finish.

In short, I can't think of another architect for whom I would offer this much praise. It is always a privilege to work with her, and I hope I have the opportunity to do so again soon.
